

PAR-30

PART NUMBER:

PAR 30 IOS AMBER 40 WH

DESCRIPTION:

The PAR (Indoor/Outdoor) Series is designed specifically as an energy saving alternative to traditional halogen PAR lamps, making them ideal for general lighting. Designed for 120VAC, 60Hz universal power, they can be installed into any standard E26 medium socket. The lamps are corrosion resistant. Each lamp is made with CREE XP-E high power chipset.

FEATURES:

- Dimmable
- Shock and vibration resistant
- UV, NIR radiation & mercury free
- Black or white housing
- Suitable for totally enclosed fixtures
- UL & FCC compliant
